

Precision™

SOLID METAL FIXED SPRAY NOZZLES

It's hard to beat a variable spray nozzle for versatility...unless you have this set of hose nozzles precisely engineered for specific watering needs. Millions of soft, uniform droplets provide rapid yet surprisingly gentle water application. From watering fragile seed beds to drenching sports fields, Precision™ spray patterns are designed with ideal flow rates and droplet sizes to offer you the ultimate solution for every hand watering application. Nozzles so good, spray patterns so remarkable...they're patented.

Rainbow™

LOW FLOW RATE: COOLING GREENS, LIGHT PREGAME WATERING OF SKINS, LANDSCAPING
Ideal for watering transplants and seed beds. Excels at lower pressure flows. **15 GPM @ 80 psi.**

Rainmaker™

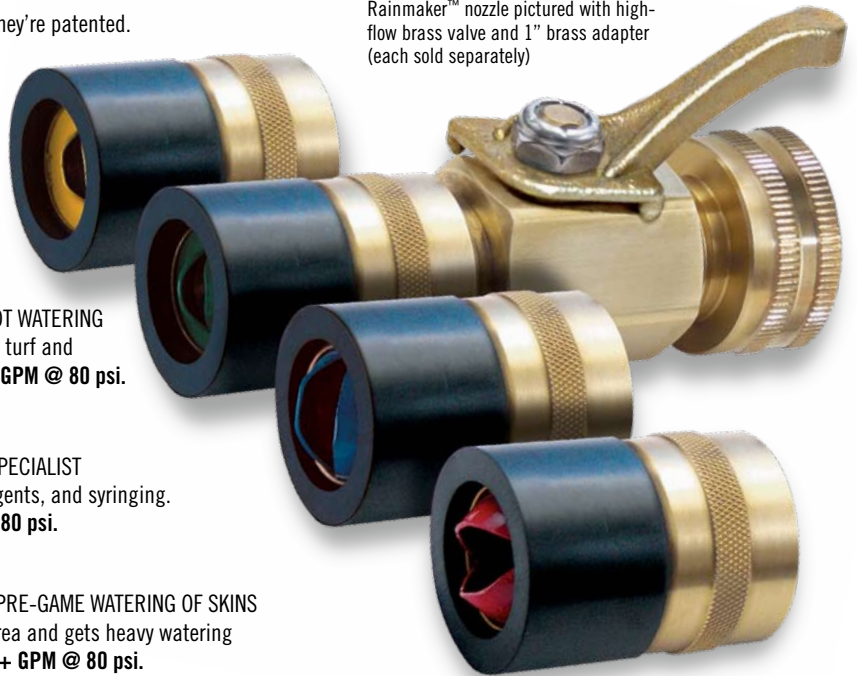

LOW TO MEDIUM FLOW RATES: SYRINGE AND SPOT WATERING
Perfect for syringing and great for hand watering turf and landscape with 3/4" hose at lower pressures. **23 GPM @ 80 psi.**

Cloudburst™

MEDIUM TO HIGH FLOW RATES : THE DRY SPOT SPECIALIST
High volume drenching, application of wetting agents, and syringing. Ideal flow rate for 3/4" and 1" hoses. **48 GPM @ 80 psi.**

Cyclone™

HIGH FLOW RATE: HIGH-FLOW WATERING, HEAVY PRE-GAME WATERING OF SKINS
This powerful fan-shaped spray covers a HUGE area and gets heavy watering jobs done quickly. Ideal flow rate for 1" hoses. **50+ GPM @ 80 psi.**

Rainmaker™ nozzle pictured with high-flow brass valve and 1" brass adapter (each sold separately)

GPM will vary with pressure at nozzle.

Solid metal construction allows Precision™ nozzles to maintain excellent distribution patterns for life. (Nozzle pictured with high-flow composite and stainless steel valve, sold separately)

ordering

- Part # HN1500 - Precision™ Rainbow™ Hose Nozzle
- Part # HN2300 - Precision™ Rainmaker™ Hose Nozzle
- Part # HN4800 - Precision™ Cloudburst™ Hose Nozzle
- Part # HN5000 - Precision™ Cyclone™ Hose Nozzle

- Part # CV075H - Brass, High-flow 3/4" Valve
- Part # A-BV77FM - Composite/Stainless Steel High-Flow 3/4" Valve
- Part # A-BA107FM - 1" FHT x 3/4" MHT Brass Hose Adapter

Pair your nozzles with a high-flow valve
