

**PRECISION™ SOLID METAL HOSE-END
NOZZLES AVAILABLE FROM UNDERHILL**

LAKE FOREST, CA

Precision solid metal hose-end nozzles are now available from Underhill for use on sports fields and parks. The fixed-spray nozzles are recommended for hand-watering dry spots, applying wetting agents and syringing fields before games.

The patented Precision nozzle design features stainless steel professional-grade diffuser plates with rubber covers. A wide range of flow rates provides variable spray patterns that ensure optimum coverage and uniform droplets.

Nozzles are available in a range of sizes and applications, ranging from 15 to 50+ gpm. Solid brass control valves are also available with ¾" and 1" hose thread adapters.

For more information on Precision hose-end nozzles and other Underhill irrigation products, visit the Underhill website at www.underhill.us or call toll free: 866.863.3744.

Underhill is headquartered in Lake Forest, CA, and has been supplying the park and recreation industry with water-efficient irrigation products for more than 30 years.
